The following proposal have been received:

From JoAnn Stanford:

Funding for State Doubles Tournament is currently fifty cents of every tournament entry is allotted as extra money towards yje doubles payout. I am proposing taking an additional fifty cents from the current \$3 fund and making doubles entry fund at \$1 and state singles at \$2. Until the state doubles is played and then state singles funds go back to \$3 per entry until the tournament is played.

From Maxine Griffith:

I propose to have the state singles tournament to be played at the 2 courts with covered facilities – Clarksville and Crossville – hence no rainouts.

I also, propose, that the state meeting be held before tournament play begins.

Don't forget to get your nominations for Hall of Fame into Harold Morgan as soon as possible.

I would like to say a big Thank You to JoAnn for stepping up and taking the newsletter over starting in January 2021.
